

WELCOME TO BLUE MANATEE PRESS

a press with purpose

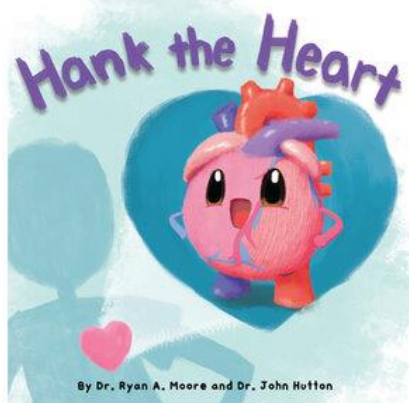

A fun and accessible introduction to how the human heart works! Say "Hello" to Hank the Heart!

Learn all about your heart from our lovable friend, Hank: what it's made of, how it works and stays healthy, and ways it can be different. A perfect book to share and explore for young readers, budding scientists, and kinder-cardiologists. Most importantly, Hank will teach you why each heart is special and a part of what makes you so lovable!

Age-appropriate "Heart Smart" facts are provided throughout the text and at the end of the book, accompanied by intuitive graphics, ideal for STEM curricula.

BLUE MANATEE PRESS PROUDLY PARTNERS WITH HEART HEALTH ORGANIZATIONS

Founded in 2011, **blue manatee press** is rooted in a mission to create meaningful, enduring books that help bring grownups and children together.

A major part of the blue manatee press mission is to create and distribute excellent children's books that convey important, evidence-based health information for families of infants and young children in a readable, nurturing way. As well as to create children's books that encourage shared reading moments, literacy development, and imaginative play.

Led by a pediatrician with unique expertise in general and health literacy, we seek to redefine how such information is shared, especially in at-risk populations. We seek partnerships health organizations and hospitals and other non-profit advocacy organizations to help ensure that the story for all children is a happy and healthy one.
