BLUE MANATEE PRESS PROUDLY PARTNERS WITH NONPROFIT ORGANIZATIONS

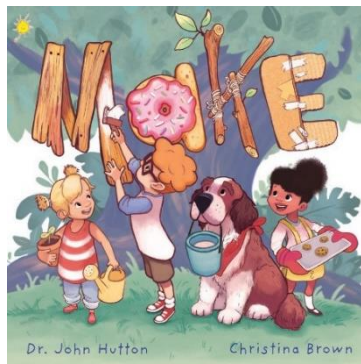

Founded in 2011, **blue manatee press** is rooted in a mission to create meaningful, enduring books that help bring grownups and children together.

A major part of the blue manatee press mission is to create and distribute excellent children's books that convey important, evidence-based health information for families of infants and young children in a readable, nurturing way. As well as to create children's books that encourage shared reading moments, literacy development, and imaginative play.

Led by a pediatrician with unique expertise in general and health literacy, we seek to redefine how such information is shared, especially in at-risk populations. We seek partnerships with public libraries, health organizations and hospitals, and other non-profit advocacy organizations to assist with community outreach programs (*this special partnership pricing is not for general circulation*), to help ensure that the story for all children is a happy and healthy one.

NEW to the Baby Unplugged™ series is *Baby Unplugged: MAKE*. Tapping into the joy of making something by hand, young readers will be inspired to go out and make something for themselves! Children learn best through real experiences, real people, and exploring the real world. *Make* encourages families to limit screen time and be curious, creative, and eager to learn more about the world around them.

"These books work on so many levels, with poetry to hear, pictures to talk about, and a powerful message... Wonderful medicine for an overly electronic age!"
